A brand new fantasy action RPG developed by CYBERDREAMS Co., Ltd. This game features compelling story and unparalleled gameplay for fans of fantasy action RPGs. Attack and loot enemies to enhance your character and deepen the experience of the RPG. The development of the game is still ongoing. · The Story of Tarnished An Action RPG for the 21st Century Tarnished is a story about a young, non-professional adventurer who plays an important role as the new king's bodyguard. When the young man, who is of exquisite beauty, becomes the new king, an adventurer, whom no one knew existed, is mysteriously summoned to the kingdom. The king says that he's a new ruler but does not give much detail. When the new king summons a young beautiful man, the adventurer who has been summoned is astonished but cautiously enters the royal palace. Despite having been summoned, he seems to be the same as the bodyguard who has received repeated orders from the king for many years. He also did not make much change to his appearance despite the magic tools he often uses. This story is set in a fantasy world that becomes a battleground after power and is born out of the glamour of the one that cast a spell on the world. A wry and sophisticated fantasy action RPG in which the romance and action of the "beat" music genre is integrated. · The Story of Tarnished II The brand new fantasy action RPG is created by Tarnished. A story of "your heart pulling you" continues. The hero summons adventurers from all over the land, but the adventurers who come from the unnoticeable side are not the adventurers that your heart desires. All of the adventurers that you wanted to meet have disappeared. Furthermore, among the adventurers that have come back from the battle field, there is a female adventurer who is completely different from other adventurers. Will you have the courage to be drawn into her story? · Weapons and Magic Deeply Engage the Soul "Weapons in this fantasy world consist of magical equipment and physical equipment. Depending on the type of equipment, each fantasy weapon has its own unique feeling. In addition, magic also engages the soul in a powerful way." Tarnished, the brand new fantasy action RPG, is a story of human emotion. Even if you know the basic strength, you won't be

In addition to Illusion of Gaia for Steam, ZeniMax Online Studios also announced that the MMORPG (massively multiplayer online role-playing game) is coming to the PlayStation 4 and Windows PC. Illusion of Gaia will be released in the U.S. on July 9th for the PlayStation 4 at \$39.99, and a European release will occur two weeks later. It's the beginning of the gaming industry's biggest month, and that's a fact. The game industry will be paying its attention to a whole bunch of new games at E3. I'm sure to narrow that focus, though, and try to tell you about a ton of those games here. It's not the place for cutscenes or in-game footage, but it seems like the right place to start talking about these games. It's going to be a long haul.

Thanks for Reading Submissive and Prey The world has seen Gail Breedlove's eyes before - but never so close. Rogue tomcat Trey Knowles grew up on a Texas ranch, playing ball, being wild and free. But it isn't until Trey sees Gail in slow motion that he recognizes the danger. Gail Breedlove is no catty tigress like her twin sister, who went to Yale and parlayed her law degree into a starchy career at Citicorp. Gail is new to the city, trying to live a discreet life as a veterinarian's receptionist. For Trey, it's not a marriage of convenience, but a fantasy come true. He can have everything he ever wanted, in a single woman. But Gail is too beautiful, too strong and too independent to ever really be under anyone's thumb.
