Better Modern Algebra 3.0. Better Calculus 1:. Detailed textbook and instructor solutions. Bank of England shows fiscal, monetary complacency In our latest regular column, Iain Lynn looks at the Bank of England's latest Statement on Monetary Policy. And why the statement may not be as worrying as the Bank thinks it is for consumers or investors. The recent commentariat has been at pains to tell us that the Bank of England has shown complete Fiscal and Monetary complacency. Well its official position has been a little more measured. In its Statement on Monetary Policy, the Bank noted that "over the forward path, a large degree of monetary policy flexibility will be needed to offset the risk of a sizeable fiscal consolidation." In layman's terms the warning is that fiscal consolidation is on the way, so the Bank will maintain a policy interest rate of 0.5
