AutoCAD Crack + With Keygen [Mac/Win] [Updated-2022]

AutoCAD is aimed at a broad market of users who require drafting and design software to create 2D and 3D designs. One of the applications AutoCAD is used for is architectural design. Other important AutoCAD uses are electrical, mechanical, and civil engineering. The software package is used by architects, structural and civil engineers, mechanical engineers, contractors, drafters, and other design professionals. Features AutoCAD is a full-featured, professional drafting software package. AutoCAD is based on the software development system for AutoLISP (Autodesk LISP). AutoLISP was developed by Autodesk at Harvard University and MIT in the early 1980s. When AutoLISP was designed, it offered a new programming language (and a new programming paradigm), a middleware to enable distribution over a network, and a graphic user interface. AutoLISP supports object-oriented programming and object-based languages such as AutoCAD. AutoLISP's user interface is based on windows and icons, allowing for easy navigation. AutoCAD is available for both Intel and Microsoft Windows operating systems. A trial version of AutoCAD is available. Versions AutoCAD AutoCAD LT AutoCAD 2000 AutoCAD LT (formerly AutoCAD 2000 SP1) is the earlier version of AutoCAD, first released in August 1996. It lacks color, spline, and UV/texture capabilities. It also lacks the ability to import DXF and DWG data from other CAD applications. AutoCAD LT does not require a network connection. The AutoCAD LT software is available in several languages. AutoCAD XP/2010 AutoCAD XP/2010 (formerly AutoCAD XP SP4) is the latest version of AutoCAD. It is the only version available for Windows. AutoCAD LT/2010 AutoCAD LT/2010 is the newest, fully cross-platform version of AutoCAD. The LT/2010 version of AutoCAD allows users to import DXF files and DWG files. AutoCAD LT/2010 is fully compatible with previous versions. AutoCAD New (formerly AutoCAD 2012) is an upcoming version of AutoCAD. AutoCAD LT New is the new, version of AutoCAD for Windows. AutoCAD LT is fully compatible with previous versions. The newest version is AutoCAD LT

Image caption About four in 10 people in the UK think "death with dignity" should be available to people with a terminal illness More than half of the public think people should be allowed to choose how they die, a survey suggests. The poll, for the Sunday Times newspaper, found 55% back a law allowing terminally ill people to choose a peaceful end. About four in 10 people in the UK think the law should be available to people with a terminal illness, the survey said. In England, 20% of people surveyed support this, with 30% opposed and 50% undecided. Asked whether the law should be available only to people who ask for it, the poll found 44% in favour, 42% against and 14% were undecided. Last year, the authors of a House of Lords report recommended people with a terminal illness should have the right to assisted dying. The report suggested the right should be available to "those who ask for it". The poll was commissioned by the Sunday Times. The proportion of people who thought the law should be available in all cases was: 45% of men, 54% of women, 45% of 18-24-year-olds, 59% of 25-34-year-olds, 49% of 35-44-year-olds and 42% of people aged 55 and over.
