US-based WES is an industrial design firm focused on the medical and health market. With over 25 years of experience, WES has the industry expertise to work as a team member or as the sole resources. The firm's background in medical device design and manufacturing has enabled WES to develop an in-depth knowledge of the products, and understands the challenges facing medical device companies. WES offers design planning, simulation, testing, prototyping, production, and post-development services. Berkeley Create, LLC is a 21st century design-led agency that provides expertise in innovation services, product marketing, and brand positioning. UC Berkeley has been awarded 3 times as the World-Class University, with the most patents of any university in the world and 40 Nobel Laureates. The university offers graduate education in many fields, including engineering, computer science, law and medicine. Berkeley Create, LLC is based in San Francisco and serves clients throughout the San Francisco Bay Area, East Bay, Silicon Valley and national markets. Live by Dxin is a content marketing company that helps medical device companies establish online communities of focus. Live by Dxin is partnered with two top thought leaders in the medical device field: Alex Dayan, MD and Zahi Nakshabandi, MD. Live by

---

Dxin has developed core technology that allows an organization to create and share posts and content through a new social network platform. The firm also provides marketing and sales consulting services to established and start-up companies. Cannes Design is a leading concept development and commercialization agency focused on the medical device and diagnostics sector. The firm collaborates with companies to help them establish design offices and launch the brand and product development process, including business and finance. Cannes Design also helps companies develop and implement marketing strategies, including acquiring and maintaining customers, improving awareness and engagement, increasing sales and maintaining brand recognition.
